Message from the Principal

Dr.S.Reshma
Principal

Heartiest Congratulations to all the qualified position holders of the ASIS Student's Council 2021-22. Being given the title and position of School Prefect in the Students Council is an honor and a privilege and we hope that you will look back on your time in this role with a sense of pride, particularly in future years when you move on to university & further afield. This investiture ceremony is different and exciting. Different because it is virtual and exciting as we move into digital space to practice leadership skills. You will play a crucial role in ensuring that the ethos of the school carries across to all areas of school life.

The students will look up to you and will follow your example therefore it is imperative that you set a good example. Your actions, and the way you conduct yourself, are especially important and will have a big impact on life at School. You will need to treat all students equally and fairly and work to ensure that the students you represent are cared for and supported.

Be resilient, responsible and ready to take up new challenges. You have the ability to turn challenging situations into opportunities to learn new ways of working. You are now going to join the league of Leaders! At times they will need you to listen to them and they will need your help and advice to work through their problems. There may be new students who feel a bit out of space and it is your responsibility to make these students feel welcome and included in all activities and aspects of school life.

In essence, being a School Prefect is not about you it is about the students you represent. Also remember 'We are One' and "United we stand and divided we fall"

Get excited about your goals but do not neglect your academics at any stage. Avoid aggression and reactions but respond. Grind like you still got a point to prove. Network with the right people at right time. Step out of your comfort zone. Be brave when it comes to challenges. Time is precious utilize it to the fullest. Step to make things happen. But Complaint less. Find solutions and positive options to the obstacles coming in your way. Stop negative habits, set a positive example for others to take it further. Keep your circle positive. Smile, laugh and enjoy every bit of your contribution. Make kindness and humility your priority. Share your ideas. Strike positive, talk high & encouraging for others, achieve your goals taking your team forward and reach to the impossible Take good care of your body and soul. Make yours and others life smile and be happy. But at the end be always humble.

Would like to end up with a quote 'Work for cause, not for applause. Live life to express, not to impress. Do not strive to make your presence noticed, just make your absence felt'.

Once again Congratulations and best wishes for your future endeavor. Thank you and have a positive day.

What our HODs say

Despite of the pandemic situation, the investiture ceremony 2021-22 was a unique virtual dais, where the deserving young council members were formally bestowed with the responsibility of leading the school with commitment, confidence, and competence. The principal inspired everyone with the message that it is important to get out of the comfort zone when we face challenges in life.
